

## Farm and Agriculture Advisory Board Application

As a method in assisting the Assessor's office with valuable information about the farming community, the Board of County Commissioners is required to appoint an advisory committee (commonly referred to as a farm advisory board). This five-member committee represents the active farming community and advises the Assessor in implementing assessment guidelines. The advisory committee may supply the Assessor with advice on typical crops, land quality, leases, and expenses. This information will assist the Assessor in determining appropriate values.
