JULY 2021 Newsletter

Klickitat County Residents,

Thank you to the 400 households that participated in our Cargo Net Give-Away event in June. We are really hoping to see more secured loads on our roads.

UPCOMING EVENT

Goldendale Community Days July 10th All Day

We will have a booth at the Community Days event in Goldendale! Come by and see us

- FREE cargo nets (limited supply) come by and take the pledge to secure your load and walk away with a free net to help you be successful.
- Take a look at our Recycle Right 3D board
- We will be giving away *Free* items to help you reduce your waste such as Reusable Straws, Bags and more!

Reduce ~ Reuse ~ Repair ~ Repurpose ~ Recycle

REPUBLIC SERVICES ANNOUNCEMENT

Labeling your personal trash can is recommended.

Labeling ensures that the waste haulers can identify cans from current accounts, specifically in community pickup areas. The wind is also a factor in Klickitat County, and a label will help get your can back home if blown down the road.

Depending on your can and your specific community rules, you can use items such as

- Spray Paint,
- Thick Permanent Marker
- Label/Sticker

Trash service is provided at a very reasonable price and curbside recycling is offered free to all Klickitat County residents. Call (509) 773-5825 or click the link below to sign-up now!

RECYCLING TIPS

Know before you throw! We now have an easy to use search tool on our webpage so you can look up any item and find out the best way to dispose of it. We are adding to the list every day as new requests come in and as things change we can also update it.

The screenshot shows the 'Waste Wizard' search tool. At the top, there's a header with 'Waste Wizard', a language dropdown set to 'English', and a 'Share' button. Below the header are two main buttons: 'Waste Wizard' (with a magnifying glass icon) and 'Need help?' (with a question mark icon). A text input field is present with the placeholder text 'Type the name of a waste item and we'll tell you how to recycle or dispose of it.' and a 'Search' button. At the bottom right, there are links for 'Privacy', 'Terms of Service', and 'Cookie Policy'. The footer of the screenshot includes 'List of Materials' on the left and 'Powered by ReCollect' on the right.

We are on Facebook, Instagram and YouTube. We will be having some great videos on waste reduction and recycling coming out in July! Stay posted!

RECYCLING STORIES

Pandemic-Driven ‘Wisecycling’ Is Causing Big Problems At Recycling Centers.

"Think about how much your habits changed during the pandemic. All of those shifts are noticeable at local residential recycling facilities, and some of them are causing problems. We've definitely seen an increase in cardboard, and we've definitely seen an increase in aluminum coming out of people's homes," Hoffman said.
