Household Hazardous Waste (HHW)
HHW is accepted at the transfer stations in Goldendale, Dalesport, BZ Corners, and at the Roosevelt Landfill. There is no charge for residential hazardous waste disposal. Please leave labels on containers or correctly label unmarked containers to keep everyone safe.

Identifying HHW is easy. Look for these key words on the label: 

- Danger
- Warning
- Caution

Some containers have a description of the hazards on the label containing one or more of the following:

- Flammable
- Combustible
- Poison
- Caustic
- Irritant

If a material lists one or more of these words on the label, please dispose of it as hazardous waste. If you are unsure call the Solid Waste office at (509) 773 - 4448

Used Oil Recycling
Used motor, transmission, and gear oil can be disposed of in five (5) gallon or smaller containers with leak proof lids.

Goldendale Transfer Station accepts used oil on the 1st and 3rd Saturdays of each month.

BZ Corners Transfer Station accepts used oil on the 2nd and 4th Saturdays of each month.

RECYCLING FAQs

Q: I eat a lot of yogurt, can I recycle the containers if they are empty and clean?
A: No, yogurt containers are not accepted in Klickitat County as they are a #5 plastic.

Q: I'm usually pretty good about remembering my reusable grocery bags but occasionally forget. Can I recycled the plastic bags?
A: No, plastic film of any kind is not accepted in our recycling. This includes ziplock type bags, plastic grocery bags, bread bags, and more. The best thing to do when you forget your reusable bags is ask for paper because those bags are recyclable!

Q: I try to bring my reusable water bottle with me everywhere but sometimes I have to buy bottle water or a soda. Can I recycle those containers?
A: Yes! Rinse them out, let dry, and throw out the caps before you put them in the recycling.

Q: What about styrofoam takeout containers and cups?
A: No, styrofoam is not recyclable in any form. Try to use a reusable container or a paper one when possible.

Q: Are used clothing items recyclable?
A: Not in our program but if the clothes are still usable, we recommend taking them to a clothing donation site. Give us a call to find one close to you!

Hard to Recycle Items

Electronics:
Take to the Goldendale Transfer Station or Underwood Transfer Station (out of county)

Large Appliances:
Take to Goldendale, BZ Corners, or Dallesport Transfer Stations

Scrap Metal:
Take to Goldendale, BZ Corners, or Dallesport Transfer Stations

CFL and Florescent Bulbs:
Take to Goldendale, BZ Corners, or Dallesport Transfer Stations

Holidays may shift the recycling and garbage pickup schedules. Look at the calendar included in this newsletter, find your route and look for dates that have * next to the date or yellow highlighting. This means that date falls on or after a holiday. If you see this on the schedule your pickup day will fall one day later than your normal schedule.

For example: if the holiday falls on Thursday, Thursday’s routes will be picked up on Friday and Friday’s routes will be picked up on Saturday.
